

FF&E^Z Price List

| PRODUCT LIST | LICENSE SCOPE | | |
|--|---|--|--|
| | Single-User Usage is limited to one computer at one location. Data can be exchanged with other FF&E ^Z systems, but not actively shared over a network. | Multi-User Site Usage is allowed on all computers at one location. Data is shared among all users on the same network (Note: 2-, 3- or 4-user pricing also available via custom quote). | Multi-User Corporate Allows use on any computer at any company location (except contractors). Data is shared among users within individual locations or via use of 3 rd party tools such as Terminal Server. |
| FF&E^Z Design License Allows designers, architects and salespersons to budget, specify and present interior design FF&E specifications in location-oriented (areas and rooms), item-oriented and vendor-oriented reports. | \$595 | \$2,995 | \$4,450 |
| FF&E^Z Design / Purchasing License Includes all features of Design; adds conversion of FF&E specifications to purchase order module that issues, invoices and tracks orders. | \$1,295 | \$5,995 | \$8,950 |
| Option: FF&E^Z Design Off-site User License Allows an off-site employee such as a salesperson to use a separate copy of FF&E ^Z Design and exchange data with the main office (only applicable to Single-user and Site Licenses — included as needed in Corporate licenses). | \$295 | | |
| Option: Orders Export Plug-in This option exports FF&E data as purchasing data in a number of generic formats for use with 3 rd -party software (only applies to FF&E ^Z Design). Please call to discuss specifics of this option and any customization needed. | \$295 | \$995 | \$1,495 |
| Option: Custom Reports Develop custom report layouts. | Please contact us for quote (\$300 min.) | | |
| Maintenance & Support (30 days of support are included in purchase.) This option continues phone and e-mail software support for all licensed users and incremental updates to the software and on-line documentation. An upgrade charge may apply for major new versions, depending on features. Support can be billed yearly or (with credit card auto-billing) quarterly. | Design: \$150/year Design/Purchasing: \$250/year | Design: \$450/year Design/Purchasing: \$750/year | Design \$950/year Design/Purchasing \$1,450/year |
| | Off-site Users: \$75/year | | |
| Upgrades Note: Maintenance updates to the program are free to clients with an active Maintenance & Support agreement. | Upgrades to a more expansive license or product type (e.g., from single-user to a site license or from Design to Design / Purchasing) are available for the difference in license amount previously paid and the current price. | | |
| Printed User Manuals A physical copy of the software's on-line user manual / help system. | \$125/manual | | |
| Training On-site or remote training covers the basics of using FF&E ^Z | \$400/half day, plus reasonable travel expenses.* Note: 1 day minimum for groups of two or more trainees for FF&E ^Z Design and 1-½ days for Design / Purchasing. *Add \$400/day for travel days outside of the U.S. | | |

Note: All prices are in U.S. dollars. Prices and features subject to change without notice.
